FALL 2010

FROM THE HELM

The days are getting shorter. Leaves are changing color and Halloween's on the way. Even though the nights are getting cooler, deals at Norview for winter storage are red hot! Give us a call if you want to store your boat indoors or in a covered slip this winter. We can help save you a boat load of money.

We're reaching out to our customers to ask their opinions on what we can do better. Please feel free to call or talk to anyone of the staff with your ideas, complaints or compliments, Norview is your marina and we want it to be as good as it can be! Thanks in advance for your efforts.

FROM THE DOCK

Fall is here, and I hope everyone was able to spend some summer time on the water. I know for a lot of people November and December are your favorite months, not because of the holidays, because of striper fishing. I'm starting to see a lot of fish come in under the slot and as it gets colder I hope to see as many over the slot. **Don't forget to support the CCA of Virginia and enter their Rockfish Tournament.** You can register up until Dec. 3rd and fishing will be on Dec 4th.

With the end of rockfish season also comes the end to boatel operation. As a reminder, the boatel will be shut down from Dec 24th to April 1st. So if you would like to use your boat during the holiday season for the last days of rockfishing please give the dock a call before Dec. 23rd to schedule your launch. For your convenience we will be available for fuel sales for you rockfishers (please give us a call to schedule your fueling time). During the off-season, we will still be fully operating for fuel sales and anything you may need from the A-Dock Market and Operations Center.

We hope you'll visit the A-Dock Market for whatever you need for a safe and fun trip out on the water. Remember we can get great prices on equipment for your boat or other supplies. Check with Bonita to get a price on what you need or browse the wholesale catalogs in the A-Dock Market—we may be able to do better than your favorite West Marine.

We have several slips available for next year. Refer a friend for an annual slip or boatel space and we'll give you and them each a gift certificate for \$50 worth of fuel!!

We will be watching the weather and will winterize our water system when the weather starts freezing.
Wes Hunley

THE MAIN-SALE

I would like to thank everyone who has boats listed with us. We will keep on pushing your boats, tell your friend if they have a boat for sale to give us a try. This economy can't stay this way forever!

Featured Boat:

36' Silverton Convertible

Its owner and Yanmar Dealers have maintained this vessel; it is very clean and has lots of factory options. She's powered with a pair of 315 hp Yanmar diesels that have 290 hrs and with a 6 kW generator with 350 hrs. Electronics include Raymarine E-80 Radar, GPS, Depth, VHF Radio upper and lower. She has 2 reverse cycle AC units a 16000btu and 12000btu. She's a fast boat with low fuel burn, and she's ready to go. All she needs is you!

If you want to buy or sell, don't wait; contact Doug today at (804) 776-7447 or (804) 776-6463.
