FALL 2011

FROM THE HELM

Happy Thanksgiving and Welcome!!

We hope your turkey was the best ever, and we **welcome** the rockfish who stormed into our part of the Bay a couple of weeks ago. So far, just about everyone who's dipped a line has gotten their limit. **Quick**, get out there before they head south for another season, and **have fun!** Life's short—fishing lowers your heart rate and puts a smile on your face no matter how many fish you catch.

'Tis The Season...If you're looking for just the right gift for your favorite boater/fisherman, consider a gift certificate from Norview Marina. You can get fuel, slip and rack fees, winter storage, annual or daily ramp passes all in gift form. We've had more interest this year than ever before in these, so stop in and talk to Bonita or Charlene. Gift certificates make a fun activity even sweeter!

Then there's the housekeeping...

Keep in mind that:

- We will be open to pump fuel between Christmas and New Year's and after January first our hours will be from 7:30-4:30 Monday -Friday.
- Because of some naughty folks who come to use our shower facilities without authorization, we'll be changing the entry code over the winter. PLEASE CALL OR STOP BY WHEN YOU COME TO NORVIEW AFTER NEW YEAR'S TO GET THE CORRECT CODE.

So have a wonderful, warm and happy holiday season—and go get some fish. You'll be glad it's in your freezer come January.

FROM THE DOCK

Well, another boating season is coming to an end. I hope everyone had a wonderful year. There's still some time left to get out and catch some stripers, so far this seems to be a better season than the past few years.

Our boatel operations will come to an end on Dec. 23rd, if you want to fish the last week of the year please make arrangements with us to have your boat in the water. For your convenience we will be available for fuel sales during the holiday season (please give us a call to schedule your fueling time). Also for those of yo, who are removing your boat from the boatel for the winter time and can't make it before the holiday season, please come between Jan 3 and Jan 6. If you can't make it then please let us know so we can put your boat in an accessible location. During the off-season (Jan-Mar), we will still be fully operating for fuel sales and anything you may need from the A-Dock Market and Operations Center.

I'd like to ask our wet slip holders to ensure your dock lines are in good condition if you're planning to keep your boat in the water through the winter. Some winter storms can be brutal. We will be keeping an eye on the temperatures to make a decision on winterizing the water system. You should plan as if it could be any day.

Thank you all for making this another great year here at Norview. Happy Holidays Wes Hunley

THE MAIN-SALE

What would be better than a new boat for Christmas? You still have time to pick up that gift. Take a look at the Boat Sales list on the back. We've sold quite a few boats this past month and there are a lot of nice deals to be made. If you want to sell or know of someone looking, give us a try.

Have a great Holiday Season. Doug
(804) 776-7447 or (804) 776-6463.

Happy Holidays
